Options and Options for municipal implements

Front PTOs

Telescopic top link

Spindle-adjusted top link

Hydraulic pivot links cat. 2

Holders for mower relief springs

Front protector

Ballast container

Tractor triangle

Municipal Mounting plate

Mounting kit for municipal mounting plate

Hooking-in front linkage

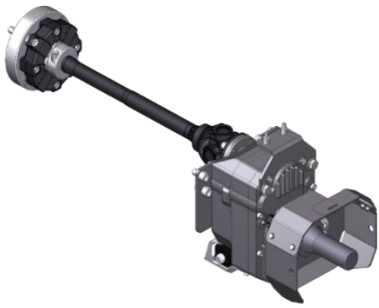

Fixed municipal mounting plate

Hydraulic implement relief

Price-list 2023 / 2024

valid from 1st of July 2023

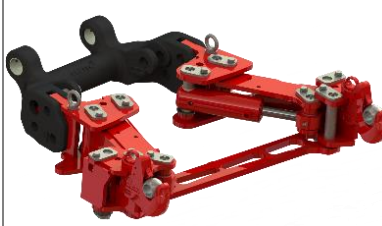

All prices in EUR exclusive of VAT. Deliveries abroad - fob German border. Former types on request.
Some options are not available for each tractor type! Design and function of our products are being continuously developed! It is necessary to prove the use and interplay in each individual case between the tractor, the implement and the front loader. We won't bear the costs arising from any matching works.

Standard version - Front PTO with complete mounting kit				 
Fendt 200 Vario / P 207 - 208 - 209 - 210 - 211 / P ab MY09 bis FendtOne	- 1000 rpm, gear ratio i = 1.94 / Eco 540 rpm i = 3.06 - Max. continuous pwr 50 kW / 68 HP / Eco 40 kW / 54 HP - Max. power 88 kW / 120 HP / Eco 48 kW / 65 HP - electrohydraulically actuated	302001	3.150,00	
		Eco 312001	3.450,00	
Fendt 300 Vario 309 - 310 - 311 - 312 - 313 Com3 / SCR=T4i	- 1000 rpm, gear ratio i = 1.93 / Eco i = 1.63 - Max. continuous pwr 110 kW / 150 HP / Eco 88 kW / 120HP - Max. power 147 kW / 200 HP / Eco 100 kW / 136 HP - electrohydraulically actuated - with speed sensor - the tractor must be equipped with Fendt front modul, activation necessary for function and speed display	302005	3.610,00	
		Eco 312005	3.890,00	
Fendt 300 Vario 310 - 311 - 312 - 313 S4=T4f 311 - 312 - 313 - 314 GEN4=StV	- 1000 rpm, gear ratio i = 1,93 - Max. continuous power 110 kW / 150 HP - Max. power 147 kW / 200 HP - electrohydraulically actuated - with speed sensor - the tractor must be equipped with Fendt front modul, activation necessary for function and speed display	302004	3.610,00	
Fendt 400 Vario 409 - 410 - 411 - 412 - 413 - 414 - 415 Com2/3	- 1000 rpm, gear ratio i = 1.93 / Eco i = 1.63 - Max. continuous pwr 110 kW / 150 HP / Eco 88 kW / 120HP - Max. power 147 kW / 200 HP / Eco 100 kW / 136 HP - electrohydraulically actuated	302002	3.610,00	
Fendt 700 711 - 712 - 714 - 716 - 718 Com2/3	- electrohydraulically actuated	Eco 312002	3.890,00	
Fendt 800 Vario 815 - 817 - 818 Com2/3 818 - 820 Com3	Optional scope of delivery: - with speedsensor, if front modul and cableset from Fendt is existing - then with speed display, activation of PTO required - with cableset, if front modul and cableset from Fendt is not existing, than no speed display			
Fendt 500 Vario 512 - 513 - 514 - 516 Vario SCR / S4 / GEN3	- 1000 rpm, gear ratio i = 1.93 / Eco i = 1.63 - Max. continuous pwr 110 kW / 150 HP / Eco 88 kW / 120HP - Max. power 147 kW / 200 HP / Eco 100 kW / 136 HP - electrohydraulically actuated - with speed sensor - the tractor must be equipped with Fendt front modul, activation necessary for function and speed display	302003	3.610,00	
Fendt 700 Vario 714 - 716 - 718 - 720 - 722 - 724 SCR / S4 / GEN6		Eco only up to S4 312003	3.890,00	

Options Spindle-adjusted top link

				
Cat. 2	please specify working length		80,00	
Cat. 2 strengthened	please specify working length		90,00	
				
with catch hook cat. 2	please specify working length		120,00	
with catch hook cat. 3; lubricable	please specify working length		170,00	

Options Hydraulic pivot links cat. 2

Functions - double-sided panning - easier obstacle avoidance - workspace shift - curve function - direction correction on a slope - turning radius reduction Control - individually - intuitive - foresighted Standard version - Hydraulic pivot links with hydraulic connection lines - Connecting rod - Spindle top link with joint				
	please specify tractor type		3.430,00	

Options Holders for mower relief springs

Standard version - Holders for mower relief springs - Screw kit				
Fendt 200 Vario / P		617-0134	270,00	
Fendt 300 Vario Com 3, SCR = T4i		617-0140	270,00	
Fendt 300 Vario from S4 – T4f		617-0138	320,00	
Fendt 400 / 500 / 600 / 700 / Vario from Com 2		617-0136	320,00	
Fendt 800 Vario Com 2, Com 3		617-0136	320,00	
Fendt 900 Vario Com3, SCR up to serial number 1552		617-0142	350,00	

Options

Front protector cat. 2

Functions

Better perception in traffic night and day

- white marker lamps to the front, side orange, backwards red
- reflecting warning foil at both sides according to ECE104
- enhancement of the vehicle presentation and of the image
- modern and aesthetic build and advertising medium

Optimum front protection

- for active and passive security

Variably ballastable from 250 kg up to 1060 kg

- body 250 kg, by a maximum of 9 ballast plates

Strong 3 point suspension, can be put down easily

- lower side is even

Breadth adaptation possible from 2.3 m to 2.7 m

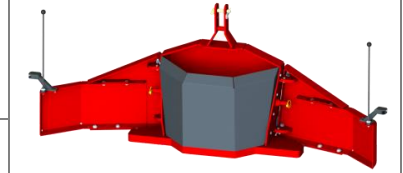

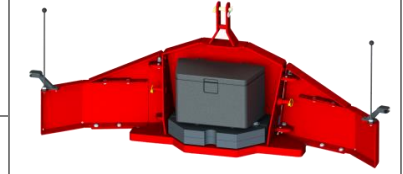

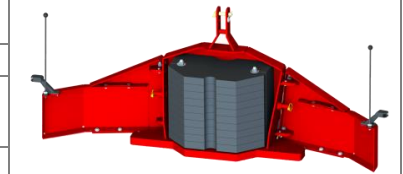

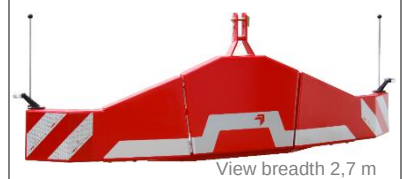

- screwable in 5 cm steps

Side wings, front length is adjustable in 2 positions

- secured with stop and shear pins
- dipsticks as manoeuvring aid

Modular build

- all parts are exchangeable, strong steel sheet construction

Protector 2,3/2,7 m - 250 kg		907-5001	2.150,00
Ballast plate 90 kg	max. 9 x 90 kg possible	907-5002	310,00
Tool box for Front protector	possible total weight 430 kg with max. of 2 ballast plates	907-5003	180,00
Concrete formwork for Front protector	total weight with basic shell and concrete max. 550 kg	907-5004	190,00

Options

Ballast container

with catch hooks	empty weight 220 kg with concrete 700 kg	617-2003	1.180,00
with Walterscheid catch hooks cat. 3 L (see picture)	empty weight 220 kg with concrete 700 kg	617-2013	1.290,00
1000 without catch hooks	empty weight 170 kg with concrete 1000 kg	617-2025	1.130,00

Options Tractor triangle cat. 2

Functions

- easier coupling by new form
- optimized coupling points for top links
- lower end - new design
- well-shaped and strong design by a sophisticated profile with high stiffness
- wearing parts as hook and springs can be exchanged
- hook turning point and shape optimised
- lock against rotation integrated in lower link bracket
- for implements up to 1500 kg

suitable for alle types

617-0015

340,00

Options for municipal implements Municipal mounting plate

size 3/5 without further mounting parts

Standard version

- Reinforcing plate
- Screw and pin kit

1 suitable for alle types

for short lower links / top link

617-0409

860,00

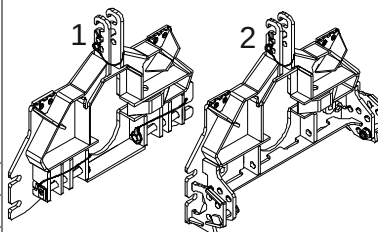

2 suitable for alle types

for catch hooks width cat. 2

617-0409-20

1.060,00

1 Mounting kit with VSS-A plate (Swiss/France) no. xxx-xxxx-1 extra charge 80,00 €

Options for municipal implements Mounting kit for municipal mounting plate

size 3/5

with short lower links / top link

Standard version

- Municipal mounting plate size 3/5
- Screw kit

Fendt 200 / Vario / P
(for S2=T3)

welded support of lower links
(lower links straight fork)

617-0482

1.280,00

Fendt 200 / Vario / P
(from S3=T4i)

cast iron support of lower links
(lower links at an angle)

617-0484

1.280,00

Fendt Xylon, 300, 400, 500,
700, 800, 900, GT, 400 Com2

welded support of lower links
(lower links straight fork)

617-0408

1.280,00

Fendt 800 ab 1.04, 700, 400
Com3 from 3.07

cast iron support of lower links
(lower links at an angle)

617-0417

1.280,00

Fendt 300 Vario

cast iron support of lower links
(lower links straight)

617-0435

1.280,00

Fendt 300 Vario GEN4 StV,
S4 from 2015,
500 / 700 SCR=T4i

cast iron support of lower links
(lower links at an angle)

617-0470

1.280,00

Fendt 800 / 900 up to 2014,
up to SCR

welded support of lower links
(lower links straight fork)

617-0474

1.420,00

Fendt 800 / 900, from S4

cast iron support of lower links
(lower links at an angle)

617-0485

1.420,00

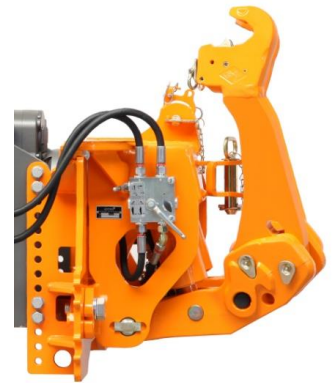

Options for municipal implements Hooking-in front linkage

for municipal mounting plate size 3/5 DIN 76060 and VSS-A plate
Lifting power 25 kN (2.5 t)

Standard version

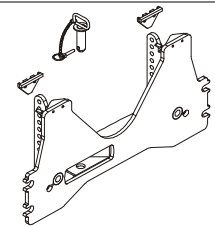

- Walterscheid catch hooks cat. 3 L
- Reversing valve (double-acting/single-acting)
- Hydraulic accumulator
- Short hydraulic hoses with coupler
- Spindle-adjusted top link

908-2005 **3.370,00**

Options for municipal implements Fixed municipal mounting plate only possible without a front linkage

Municipal mounting plate with perforated strip
without further mounting parts, with tie bolt

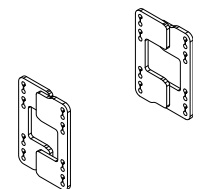

suitable for alle types

980-0038 **790,00**

1 Mounting kit with VSS-A plate (Swiss/France) no. xxx-xxxx-1 extra charge 80,00 €

Extension (1 set = 2 pc)
with screw kit, max. 1 set per tractor possible

Extension 125 mm	617-0490-1	460,00
Extension 155 mm	617-0490-2	460,00
Extension 185 mm	617-0490-3	460,00
Extension 215 mm	617-0490-4	460,00

Options for municipal implements Hydraulic implement relief

for mechanical and electrical control units
without hydraulic accumulator
